

ST. FRANCIS COLLEGE
THE SMALL COLLEGE OF BIG DREAMS

Summer Science Academy

What is it? This is a **FREE** two-week (Monday-Friday) summer program in which science and math are integrated with field trips in a warm, friendly setting, taught by St. Francis College science professors.

There will be DNA barcoding experiments and activities in our St. Francis College labs as well as field trips to places, such as the American Museum of Natural History, the Brooklyn Botanic Garden, and the New York Aquarium, along with fishing and kayaking in Brooklyn Bridge Park. There will be pizza and an awards ceremony on the last day of the program!

*****Students must provide their own Metrocards and lunches*****

When is it? July 8 through July 19 2019; Monday through Friday: 8:30 AM to 2:30 PM

Where is it? St. Francis College
180 Remsen Street, Brooklyn Heights, NY 11201 (Near subways)

Who may apply? High School Students (Rising sophomores and above)
(First Come-First Serve --- Up to 20 Students)

Sponsored by St. Francis College

The application process will open starting February 2019. Please email Kathleen Nolan, PH.D. at knolan@sfc.edu by **June 7th** with a **well written** one page essay stating why you would like to attend our summer science program as well your full name, high school, anticipated year of graduation, address, phone number and your emergency contact's full name and phone number.
